- Pharmaceutical
- Genetic and Bio Technology

SAFETY FIRST
WEAR PROTECTIVE APPAREL
WHEN RISK IS PRESENT

**KEEP GLOVES AND APRONS
READILY ACCESSIBLE**

*Caution: Not Intended for Immersion in
Liquid Nitrogen or other Cryogenic Liquids*

Selection & Usage

- Proper fit contributes to product performance – a tight fit leads to thermal loss.
- Select the appropriate glove length and apron length for your specific application.
- Select **Waterproof Cryo-Gloves** for use in cryogenic atmospheres – glove fit should be loose enough to allow for quick removal if necessary.
- Select **Cryo-Industrial Gloves** when gloves are in contact with abrasive surfaces.
- Store gloves and aprons in a clean dry space.
- Periodically inspect the condition of your gloves and aprons – replace garments that show excessive wear.
